

Dear community activist,

Together with your participation, our country will be rich Again. This includes making individuals rich and not just corporations!

The Libertarian Party is an advocate for the issues that are important for improving the lives of all Americans. Our principles are individual focused because we care about your rights: You have the right to freedom from poverty! This is a natural right; the commitments outlined on our site are natural as well as achievable by candidate Dr. Jody Jones and by donating to Libertarian24 today, you'll help to ensure that we win!

The competitors don't realize that America wants freedom. They're too busy with their personal problems and are willing to sell our secrets to fill their own pockets! Your money belongs in your pocket and Dr. Jones will make sure that it gets there. America is the people and participating citizens that see a future here for their children and children's children. Together, we can secure a future for Americans. Consider being a part of this initiative to shape our future; sign up to receive communications and make your donation today.
